Salary Determination

- The ODNI uses a rank-in-person system in which rank is attached to the individual. A selected ODNI candidate or other Federal Government candidate will be assigned to the position at the employee's current GS grade and salary.

- A current Federal Government employee, selected for a detail, will be assigned to the position at his or her current grade and salary.

Component Mission

The Director of National Intelligence (DNI) serves as the head of the Intelligence Community (IC). The DNI also acts as the principal advisor to the President, the National Security Council, and the Homeland Security Council for Intelligence matters related to the national security; and oversees and directs the implementation of the National Intelligence Program. The DNI leads intelligence integration and forges an intelligence community that delivers the most insightful intelligence possible. The Intelligence Community (IC) Chief Information Office is responsible for advancing the Intelligence Community's mission by driving secure collaboration, integration, and information sharing; identifying and addressing information enterprise risks; and providing strategic leadership and oversight of the Intelligence Community's enterprise architecture and enterprise information technology.

Major Duties and Responsibilities (MDRs)

- Bridge the Gap between Mission and Technology! The Mission Engagement Division (MED) brings people, data, applications, and innovative technology together to enable new mission insights, increase speed of operations, and improve confidence in mission findings. MED is seeking a Mission Integrator to: • Coordinate with mission to discover IC and DoD partners' impediments, and work with stakeholders to implement innovative remedies. • Cultivate new mission insights, improve mission confidence, and increase mission's speed to operate through agile innovation and the integration of data, applications, and services. • Communicate plans, successes and challenges to senior-level customers and ensure the delivery of quality products and services. • Lead teams in the development of project efforts, apply team building techniques, and exchange information with team members at formal and informal meetings.

Mandatory and Educational Requirements

- Experience: One year of specialized experience at the next lower GS-grade (or equivalent). Mission and / or IT related experience and demonstration of four key competencies: Attention to Detail, Customer Service, Oral Communication, and Problem Solving. Education: Degree in political science, computer science, information science, information systems management, operations research, statistics, or technology management or degree that provided a minimum 24 semester hours in one or more of the fields identified above and required the development or adaptation of data, applications, or systems.

Desired Requirements

- Experience: Multiple years of mission operations and program or project management that preferably includes federal programs and projects within the last ten years.
